Training Program title: **NISM - Financial Literacy Program**

Training Dates: 28 December 2024.

NISM - Financial Literacy Program

Overview:

The NISM (National Institute of Securities Markets) Financial Literacy Program is designed to enhance the financial knowledge and skills of participants. This initiative aims to empower individuals to make informed financial decisions, understand market dynamics, and promote a culture of financial responsibility.

Expert Facilitation:

The program was conducted by Mr. Jagdeesh Mane, a seasoned Security Market Trainer with extensive expertise in financial markets. His insightful sessions helped participants gain practical knowledge about securities and market operations.

Program Duration: 5hrs

The program was conducted over a single day, ensuring an intensive and focused learning experience.

Participation:

A total of **149 participants** attended the program, reflecting a strong interest and commitment towards improving financial literacy.

Objectives:

- To educate participants about financial products and markets
- To develop skills necessary for prudent financial decision-making
- To foster awareness of risks and opportunities in the securities market

Impact:

The program successfully equipped attendees with essential financial literacy, enhancing their confidence and capability to engage in financial markets effectively and **Improvement in Financial Literacy**
