

Story of Prathmesh: “From Hardship to Hope”

Name : Prathmesh Kishor Gurav (Computer Engineering-2253016)
Age : 23 Years
Location : A/p- Sambhajinagar, Kolhapur.
Supported by: Community of the Collage of Engineering & Polytechnic,
Rajaramnagar

Background:

Prathmesh hails from a financially disadvantaged background. The loss of his father has put immense pressure on his family, with his mother being the sole breadwinner. Despite her efforts, her meager salary makes it challenging to cover daily expenses and Prathmesh’s educational costs. However, Prathmesh remains undeterred and is determined to pursue his education and create a better future for himself.

Help from Community Fund:

Community of the Collage of Engineering & Polytechnic, Rajaramnagar came to Prathmesh’s rescue, providing him with financial assistance to cover his fees, which greatly supported his education.

Outcome:

Prathmesh has successfully completed his B.Tech., Computer engineering degree with excellent grades, paving the way for a promising career ahead. He credits the R.I.T. community fund for their timely support during his challenging times, saying, ***“The financial support I got was a game-changer, it boosted my confidence and took me a step closer to achieving my goals.”***-(JR.
